Silicone Lube Plus

DESCRIPTION

TREBLEX Silicone Lube Plus is a multi purpose food grade silicone spray that provides a thin, odourless lubricating protective coating that can be used for simple household lubrications, and heavy duty applications in industry, including food and textile industries.

FEATURES

- Non corrosive.
- Dry lubricant.
- Colourless.
- Non toxic.
- Non oily.
- Non staining.
- Anti static.
- 360° valve, use inverted if needed.

APPLICATIONS

When used as directed TREBLEX Silicone Lube Plus will lubricate, waterproof, restore and penetrate in the following applications:

- Lubricates plastic, nylon, rubber, wood and metal, such as zippers, plastic gears, tools, locks and switches.
- Preserves and protects rubber, vinyl, dashboards, seals and plastic parts.
- Restores and protects rubber mats, weather strips and door mouldings.
- Release agent stops glass, plastic, paint and wood sticking, e.g. mould release.
- Anti static breaks static dust attraction cycle, suitable for fabrics.
- Imparts glossy shine to plastics and metals.

DIRECTIONS

- Shake can well before use.
- Spray evenly from approx 20cm onto the area being treated.
- Use extension tube where necessary for hard to reach areas.

SAFETY

Keep out of reach of children. Harmful if swallowed. Use with adequate ventilation. Read Material Safety Data Sheet before use.
