

# IP2

## Professional in-ear-monitoring

These high quality earphones provide a wide-range sound with sharply contoured bass reproduction as well as excellent isolation to suppress high ambient noise levels encountered, e.g., on a loud concert stage.

An integrated sliding cable tie and the supplied soft-rubber earmolds in three different sizes enable the earphones to adapt to every shape of ear.

The IP2 earphones are included in the IVM4 In-ear Monitoring Sets.

### Highlights:

- High performance, full spectrum sound for professional in-ear-monitoring
- Total ambient isolation to block out stage noise
- Individual fit with three different sleeves (S, M, L)
- Protective carrying case and bag included.

### Specifications

Sensitivity: 121 dB SPL/V  
Frequency Response: 12 Hz to 23 kHz  
Impedance: 16 ohms
