

STAGE PRO

Modulized Wireless Portable Mixer Sound System

Portable Power

Introducing the Stage Pro. Small, light, but incredibly powerful, the Stage Pro is built with the stage in mind. It will fill the room with your sound - without filling your stage.

And with range of optional features including Bluetooth connectivity, media playback & recording devices, wireless microphone options, and a full set of EQ controls as standard, it is versatile enough to be used in almost any environment.

Portable. Versatile. Powerful.
